NEW AND VALUABLE DISCOVERY!
Great improvement in Artificial Teeth.
DR. A. SHERMAN, No. 116 Lake street, Chicago, has introduced ALLEN'S PATENT ATMOSPHERIC VALVE, by which he is enabled to insert Artificial Teeth on the most scientific principles, and upon which he defies competition. Those who have had teeth inserted by Dr. Allen's patent and by no other, are invited to call and examine his work, and satisfy themselves of its superiority. Those who have had teeth inserted by other dentists, and have lost them, can have them inserted on Dr. Allen's patent and by no other, on reasonable terms

☞ For interesting city items see third page.

Not patriotic.

We recommend the perusal of the article from the *London Morning Chronicle*, on the true relation of England and this country to each other. The advice is high toned, and is worthy of regard on both sides of the water. It is also exceedingly apropos at the present time, when recrimination seems to be fashionable, and calling out and characterizing the morality of a public female correspondence. And after its perusal, let every one ask himself if this is not falsehood, treer, more honorable talk than that of Judge Douglas, referred to last week. Put in alongside of his slang against the Russians, his appeal to low prejudices, his artful stirring up of partizan hate, and see which reads the best to one who is honestly seeking the interest of our beloved country, uninfluenced by personal advancement. When in the great cause of popular freedom throughout the world, England and America ought, by every consideration of individual interest and mankind's rights, to pull together with a right good will, it is not democratic, it is not republican, it is not right for a Senator to disturb all friendly feelings and defeat all cordial union, even if it is essential to him to manufacture political capital.

Confirmations Made.

Wm. H. Vesey, of Pa., Consul at Havre; Jno. F. Bacon, of N. Y., Consul at Nassau; Henry B. Dewey, of Pa., Consul at Para; Amos G. York, Consul at the Island of Zante; John A. Campbell, of Ala., Justice of the Supreme Court; Edward Lander, of Ind., Chief Justice of the Territory of Washington; J. K. Miller, of O., and Victor Monroe, of Ky., Associate Justices of the Territory of Washington; Wm. M. Drury, U. S. Marshal for the Eastern District of Tennessee; Watson Freeman, U. S. Marshal for the District of Massachusetts; Wesley Frost, U. S. Marshal for the Western District of Pennsylvania; J. P. Anderson, of Mississippi, U. S. Marshal for the Territory of Washington; Fleming Miller, U. S. Attorney for the Western District of Virginia; J. C. Ramsey, U. S. Attorney for the Eastern District of Tennessee; Selah R. Hobbie, First Assistant Postmaster General; Paul Arnan, Collector at St. Augustine, Florida; Hamilton Sargent, Collector for the District of Texas; Richard P. Hammond, Collector of San Francisco; Green W. Caldwell, Superintendent of the Branch Mint of North Carolina; Christopher Catson, Indian Agent for New Mexico; Joseph M. Garland, Indian Agent for Oregon; Dudley Mann, under Secretary of State; J. Q. Anderson, of Maine, Commissioner of Customs; Samuel G. Fenton, Register of the Land Office at Gaines, Mich; Thomas S. Atlee, Register of the Land Office at Kalamazoo, Mich; Lawrence Vandewater, Receiver of Public Moneys at Kalamazoo, Mich; James Long, Register of the Land Office in Chicago, Illinois; G. Dale, Register of the Land Office at Edwardsville, Ill.; Robert C. Wilson, Receiver of Public Moneys at Palestine, Illinois.

Mrs. Markham's Lectures.—The *Laporte Republican Times* states that Mrs. Markham will commence on Monday her course of lectures in that place. In a short but excellent editorial, the Times urges the importance of the study of Anatomy and Physiology, and asks, "from whom can woman more pleasantly or more appropriately derive instruction on such subjects than from an educated and accomplished member of their own sex?"

Mrs. Markham gave two courses of her lectures here, and we then had occasion to speak frequently of her superior fitness for her important work. We think the fair ladies of Laporte, whose enviable reputation reaches beyond their beautiful town, will do themselves the honor and the good of attending the evaluable lectures.

Chicago and St. Louis—The Steamer Prairie State.

The Prairie State, Capt. Rider, left her landing at St. Louis on the 22d for Peoria, Peru and La Salle, on her first trip this season. She has been newly fitted out with machinery, and is now in the route. Her cabin is spacious, elegantly furnished and well calculated for the convenience and comfort of passengers. Capt. Rider is an officer of the right stamp, an agreeable companion, and ever devising means to make the trips of his boat pleasant to those on board. The Prairie State is one of the fine steamers selected to run in connection with the cars of the Chicago and Rock Island Road. After the first of April she will run exclusively for passengers, an improvement greatly desired by the traveling community, who have heretofore been delayed by the way freight, which demands passage at every town and station on the route.—The steamer Oil Valley left St. Louis on the 23

DAILY TRIBUNE.

CHICAGO, SATURDAY, MARCH 26, 1853.

JOB PRINTING.

We would remind our friends, and the public, that we are ready to execute all kinds of JOB PRINTING at a short notice. Our material is entirely new, and we promise the best style of type.

Orders left at the Counting Room, on the ground floor, near door to the Post Office, will be promptly attended to.

The Tribune

will regularly publish all Common Council Proceedings, as prepared by the City Clerk, together with such abstracts of the City Advertisements and all Official Notices as shall render it equally satisfactory to the Public with the Official Paper, as respects all the Ordinances, Notices, Decrees, and Doings of the City Government.

J. P. CLEAVER,
ATTORNEY AND COUNSELLOR AT LAW, Office, No. 84 Clark street, Chicago, Ill.

H. G. KELLY,
ATTORNEY AND COUNSELLOR AT LAW, Office, No. 84 Clark street, Chicago, Ill.

The West is supplying us with a safer paper circulating medium than the Eastern [New England] Banks now do or ever did. The issues of a Bank regularly established in Indiana or Illinois, are more secure, and entitled to more confidence than the issues of any Bank in Massachusetts.—*Money Article of the N. Y. Herald.*

A LAUGH.—A fine schooner of some 200 tons burden, was launched from the shipyard of Capt. Jones, on the Menomonee, at Milwaukee, about half past 3 o'clock Saturday afternoon. The vessel slid gracefully into the water, with *colors* displayed, and *crew* on board, while the welcoming shouts of a concourse of spectators, She rejoices in the name of the "*Endurance*," and belongs to Mr. Wentworth, of this city. The large upper building on the same yard will be launched some time this week.

NEW ENTERPRISE.—In the business part of the city many first class buildings are under way, either on the ground or on paper. Our architects either on the ground or on paper. Our architects are full of business. At the rooms of Burling & Baumann, we have seen the plan of the new building to be erected on the corner of Clark and Lake streets, by the owners of the property. Messrs. Ogden & Barrett. It will be a business building, with offices of all kinds, six stories high, eighty-five feet above the walk, to be built of the same material as that in the Mechanics' Bank, the interior walls to be of brick, making it fire-proof. The first three stories are to have a five-foot vaults of good dimensions. The building will be heated by four hot air furnaces. The arrangements for water, gas, and other conveniences, will be complete in each story. Each window will contain six panes of French polished plate. The cost will be about $45,000; its architecture a plain Grecian, as far as it will permit of any characteristic form; but in appearance it will be worthy of one of the most valuable business points west of Wall street. The stone will be furnished by A. S. Sherman; the builder is Peter Page. The architects, Messrs. Burling & Baumann, will give in this building another proof of their taste an l professional skill. It will be commenced about the first of May.

CHANGE OF PARTNERSHIP.—We are informed that the firm of Gates & McKnight, one of the largest manufacturing houses in the city, is to be dissolved. Preparatory to this step and to taking an inventory, which will be necessary, though on a small look, the business of the forgers have already been dismissed. The delay in the business will be made as short as possible.

INTERESTING RAILROAD CASE.—Mr. Joy, the able counsellor of the Michigan Central Railroad Company, argues to-day, in behalf of the Illinois Central Railroad Company, before Judge Skinner, on the application for an injunction made by James H. Collins. It is known to all that the Illinois Central R. R. Co. have purchased of the United States the "lands" and on the south side of the pier. To get to it the Company must lay a track along the lake, back of Mr. Collins' lot. He claims ownership to the middle of the lake, and contests the right of way. We shall keep our readers informed of the progress and result of this interesting trial.

RATS.—The mode of destroying dogs, lately adopted by the City Authorities, is producing some unexpected and unfortunate results. The pieces of poisoned meat thrown about the streets have been in many cases appropriated by the rats, poison and all. Belonging to the great and useful class of street pickers, they could hardly be expected to pass by such choice bits. But not being thoroughly versed in chemical analysis, they failed to distinguish between the sweet and the bitter, and the result is, that thousands have fallen victims to the treachery of the City Fathers. The offence has come up to the very nostrils of many of our citizens, and the question comes up also, what shall we do? The warm weather furnishes no alleviating prospect. Some have already been obliged to desert their houses and offices, and others are trying to invent some practicable and efficient stopper to the "ducts nasalis." These facts show that some other method must be adopted as a protection against mad dogs.

OUR CHESTNUT.—On inquiry last week, we were informed to our surprise that the customs at this port amounted to $160,000 the last year, and that they will doubtless double in amount this year. Of course the bonds given ought to be increased in the same proportion.

LOOK OUT FOR THEMES.—Several "mine" operations in this line have been lately now initiated in the city. The residence of George Steel, Esq., was entered in broad day last week and items stripped of to the amount of $100.

Another burglary was also committed on Friday, some points of which are really sad. The house of an excellent widow, (on Adams street,) who has received some aid from the Relief Society this winter, was entered and a silver watch, the only article of value she possessed in the world, and a memento of her husband, was carried off. The business of thieving seems to be a busy and successfully carried on here as in any other city.

THE CARS AND CHICAGO.—We are reliably informed that the Depot of the Southern Michigan and Northern Indiana Railroad, is to be located near the centre of the City. The track is to be laid between Sherman and Clark streets running along the back part of the lots fronting on Monroe street. The land is now secured as far as Adams street and movements are in operation to secure the right of way as far as Madison street, which will bring the Depot within one block of the court house. The strip of land as cured is 150 feet wide.

PAUPER DISTRESSING.—Among the many private subscriptions going up, or in planning there are some that will be an ornament to the city.—Among these is one, now in the hands of the architects Burling & Baumann, to be erected in the south part of the city, opposite Mrs. Clarke. The owner is John S. Rapp, Esq. of Madison. Mine, who is soon to become a resident here. The building will cost $8000, and is to be completed this autumn. It will be of a Composite Order, marked by simplicity, but at the same time very tasteful. There is much reason to hope that our private citizens will do much to redeem the city from the great amount of bad taste, shown in most of the public buildings.

☞ The Propeller Rossetter left yesterday for St. Joseph.

THE PRESBYTERIAN ASSAY.—Our attention has been called to a communication in the *Democratic Press* of Friday, published in reply to a criticism of a correspondent of the *Tribune*, published on Thursday. An excellent reply to the *Press* article has been received, but verily we cannot afford any more space to the subject at present. We wish, however, that some one would explain to us the meaning of the following sentence, taken from the *Press* article: "The error of the editors lies in making the success of a chorus depend upon the applause received after the execution of a solo by Allen, Seeley or Jenny Lind." We are anxious to know what our error is. We always through that the success of a chorus, as of many other things, depended upon its excellence.

SPILLED OUT.—On Friday afternoon, a horse attached to a buggy, in which were two ladies, took fright near the corner of Clark and South Water streets. The buggy was turned over, and the contents thereof turned outo the pavement, but fortunately no serious injury was sustained.

ARRIVAL OF SCHOONER FROM GRAND RIVER.—The schooners Ashtabula, Capt. Simms, and Venus, Capt. Garratt arrived Saturday morning from Grand River, Michigan, with full cargoes of Pine Lumber, consigned to James P. Allen, Wholesale Commission Dealer, being the first arrivals of the season from the lumber regions. These cargoes have been sold to dealers on the Illinois river. This arrival is about twenty days earlier that the first of last year.

NEW OMNIBUS LINE.—We notice the North and South Clark Street Omnibus has commenced making its regular trips.

FIRST ARRIVAL FROM GRAND RIVER.—The schooner Ashtabula, Capt. Simms, arrived about noon on Saturday, with lumber from Grand River. Capt. S. reports having passed several vessels bound to this port with lumber.

MORE WOOD.—Some half dozen vessels have arrived with wood from Milwaukee and Port Washington.

LUMBER ARRIVALS.—The schooners Lady Jane, Venus, Vermont and Illinois have arrived from Grand River with lumber.

SALES BY CLARK & HARDING, MARCH 26, 1853.—One lot on Wabash Avenue, in Block 63, 157 feet front by 201 deep; for $1750.

Lots 8 x 9 in Block 49, Sec. 21, for $1950.

West ½ Lot 6, Block 24, Carpenters Addition, cash $1450.

Lot 42, Block 58, Sec. 7, $170.

40 acres in Section 27, T. 40, R. 13, per acre, $47.50.

20 acres in Section 16, T. 40, R. 13, per acre, $100.

5 acres in Section 27, T. 39, R. 13, per acre, $90.

The schr. Buenavista arrived at 12 yesterday from Kalamazoo, with part of a cargo of lumber, having been driven from her anchorage by a heavy blow, about noon on Saturday. She reports eight feet of water on the bar at Kalamazoo.

VALUABLE DISCOVERY.

DR. J. A. KENNICOTT, No. 91 Lake street, Chicago, Ill., has discovered a new and important IMPROVEMENT, which is GREAT and SUBSTANTIAL IMPROVEMENT, which is fully approved. The advantages of this invention are PERMANENCY, CLEANLINESS, CHEAPNESS, and durability. The pleasant tones, great strength, sightliness and durability. The cost of this instrument is but little more than one of the common, which forms a perfect contrast in point of durability. Those wishing to purchase will find it to their advantage to call and examine for themselves. Also, PERFECT AND DURABLE ARTIFICIAL EYES, and other work appertaining to the profession. [mh26dly]

☞ Was picked up in Clark street near Lake, on Friday morning a silver fruit knife with a name marked in it. The owner can have it by calling on Mr. Stickney, at the Tribune Business Office No. 45 Clark street.

Carpenters' Meeting.

Proceedings of the Committee appointed to draft resolutions, &c., by the meeting of Carpenters and Joiners, held at the City Hall, on Tuesday evening.

A resolution was presented to this effect, and unanimously adopted:

That the Committee decide by vote who of its members shall become members of the Association, and that if two of the committee are opposed to any one proposed for membership, he be declared defeated.

The following gentlemen were then unanimously elected members: Messrs. Saunders, E. Lewis, T. Gleason, C. Belding, S. Boyer, A. Campbell, Hebblington, W. Dunn, T. Gwinn, B. Clow, J. H. McLean.

It was then moved and adopted that J. Thomas' name be struck out from the Committee list, and that of A. Campbell inserted.

Further, Proposed that this Association be called "The Carpenters' and Joiners' Association of Chicago."

The meeting then called on Mr. Belding to state the object of the Association, which is, as he stated, to promote the general interests of the craft, by organizing ourselves into a permanent Society.

It was then resolved, That there be a general turnout on Monday the 28th inst., at 10 A. M., at Dearborn Park, or, if the weather is unpleasant, at City Hall.

The meeting then adjourned till Monday morning.

The Constitution and By-Laws for governing our Association, will then be presented.

E. LEWIS, President.
B. CLOW, Secretary.

M'LANE'S VERMIFUGE.—The effects of this truly extraordinary medicine are most satisfactory in all cases in which it has been tried. No other medicine has ever produced such effects so instantaneously. It has been used in the practice of Physicians in every part of our country, and by them been pronounced equal, if not superior to any medicine ever offered for the expulsion of worms. Read the following from Horace Maxwell, Augusta, O. "we used it with great effect in his family, and has sold large quantities, which have given us the highest satisfaction."

J. H. Cutter, merchant, Louisville, administered a dose to his child, who discharged a quart of worms. He had tried other Vermifuges in vain.

D. J. & J. W. Cotton, Winchester, Ind. happened to get a lot from an agent, which was soon sold out, and proving highly efficacious, became very popular, and sold more rapidly than any other Vermifuge.

This great Worm Medicine is to be had from Druggists and country merchants. [m2 s3

COMMERCIAL.
